Held a great meeting held at Hill of the West
in the evening, & a large audience present, and
one of the most interesting meetings I have ever seen to which many turned
out to see, great & solemn feelings, so to speak as much as
of the importance & truth of his/her hard thoughts on the
side, & would say before you the following prophetically
that in yeating lifetime you should see cause to my
removal, & I will assure that I will leave you upon
your own & your people's judgment of such cause, and on
the other hand, that at any later time I shall see cause for
going away, you being free to see that you will return
you thinking of it in no wise for this justing in
believe ~~wrong~~, so that there shall be no binding on
this subject by me and others, till in Pagan
days, where I shall be called into society.

Mr. W. H. Hale of the Presbyterian Society in Hertford
qualifications & worthiness to consider the affair
and "you hold the keys of the kingdom of heaven".
After a brief & quiet interview he acknowledged my conduct
and to his credit as well at the same time con sidered
the best method for procuring food or sale when home
is out of the way. How sensible of justice and his fidelity
at all times in the sacred ministry with us during
these years. To complete I might say that this is the
only deviation worthy of notice that has ever happened
with him, & that he has humbled himself before
God and ~~other~~ creatures on account of it hence
~~will~~ fully pay for his sins & toll - and consider-
ing that he is dead after his example have we also to
be guilty or no want of confessions in many instances
and short comings still in all! Under these considerations
we comforted and continually exerted our forethought to him
as we would hope to obtain largess for our selves from
that infinite being whom we all have offended. - and
we desire still to embrace and retain him in the arms of our

Christian charity and to have the dear connection of minister
and people yet continued and may the God of all grace mercifully
grant that we may yet be blessed with peace and prosperity and
that the depressing gloom which has lately overspread us may
be followed by a light and serene day.

The above was voted as the mind of the ~~society~~ ^{society} at said meeting

Report of Committee chosen December 16 1807

ber 16 1807 & the result of their labor in meeting

of the place where said house is to stand according
to the following with relation to the nomination

struction of the same the 1st day of Jan: 1808.

in the meeting house in every town, shall
have a sufficient account of all their
expenses & to fit up a sum of money in
order to meet the cost of erecting a
suitable house & to hold in their opinion, how oft
such a house ought to be built of the two societies, holding the
same to be a great hindrance many difficulties
arising from the want of such a house, & to help avoid them, in a spirit
of mutual love & good neighborly spirit in a spirit
of mutual love & good neighborly spirit in every individual, the
committee will be informed of what has been reported in that
concerned, & if they have no objection thereto it is
the opinion of the friends of erecting a suitable house
as soon as convenient, & without giving any notice of
the time, & without consideration from the parties
concerned, & without the two societies in
any way being bound to do any thing
but to give a sum of money to the building, which
they will be bound to contribute, & that which
they have to contribute, is, in their opinion, liable to be
in number and the least in value.

2nd. We and God yet & still expect much more almighty
miracles than we have experienced, which they have then
done after seriously considering the situation of the town,
recommend, with due regard, not only to embrace the
recommendation,

Dear Friends.

I would like to call for me to settle with you in
the gospel ministry. I have deliberately and prayerfully con-
sidered. It once did trouble my mind. I tender to you an
affirmative answer.

when I can terminate the scene of trial through which
you have passed; when I concur in the Providence of God, &c.

Convinced in your present inquiry which respects the State of our several establishments and at the same time give a thought to the just day of general retribution, I do not give a negative.

Being unacquainted with the manners of living in this region I am unable to judge whether or not your application for a pension support. But I ought to say that already from the statement, it is a pleasure to him without willing to testify your benevolence & that may be evident and honorable.

I do indeed not at all, let me say and let me no be disappointed, in having your money apply to that divine and immortal which I can do nothing and may the God of all glory, grace and all consolation, ever dwell among you and grant you every needed blessing, which shall be the desire of your affectionate friend and very humble servant in the name of our Lord Jesus Christ.

The sum of what has passed between
a Committee of Hampton and J. Webster.

I offered to relinquish my claim upon
the town for \$2000 & the use of the Parsonage
so long as it might be convenient or
until I should find some other place to
which I might move.

The committee offered to pay my salary
& give me \$1000 & the use of the Parsonage
till next spring. So we did not agree.

I then proposed Hon. George Sullivan as a Chairman
of a reference. The committee did not agree.

After much conversation the committee enquired
how Judge Smith, Hon. Mr. Cushman & Mr. Sullivan
would do for the reference? I said I would not
object. I called on Mr. Sullivan, and he said
he could not act on the reference.

I proposed of course, that now we had no
reference agreed upon. So Mr. Sullivan understood
it. The committee thought I might select another
man instead of Mr. Sullivan, and then we
should have a reference. I felt that I could
not do this. As the committee proposed the
first reference, to which I did not object; & as
the reference was broken by the refusal of Mr.
Sullivan to act, I felt at liberty to propose, that
we should think of a new reference.

And when I understood the committee or their
employers had been repeatedly to Judge Smith
for advice, it was to me manifestly improper,
that he should sit on the reference.

I told the committee, I was willing to refer
the whole affair between us to an honorable
reference mutually chosen.

527
They proposed that I should choose one man
and they another, and that these two should agree
upon a chairman. After reflection, I concluded
to leave four honorable names with the committee
out of which they might select one for chairman,
with liberty to the parties to select the other two.
And this was all that I thought I could do at
that time - remarking however, that I might
do otherwise after more reflection.

The names of the gentlemen left with Col. Mars-
ton of the committee were Dr. Fletcher of Concord,
Dr. Rose of Atkinson, Hon. Col. Pierce of Dover,
and Judge Garrison of Exeter; with neither of
whom I have ever passed a word respecting
our affairs, & whose opinions on such matters
are totally unknown to me.
